

NOTICE OF PUBLIC INFORMATION CENTRE Municipal Class Environmental Assessment Wayne Gretzky Parkway North Extension

Project Information

The City of Brantford has initiated a Municipal Class Environmental Assessment (MCEA) study for a northern extension of the Wayne Gretzky Parkway. The purpose of the study is to identify and evaluate alternative solutions to extend transportation services through the North Expansion Lands, to improve and expand the overall transportation network, to service the Designated Greenfield Areas development, and to improve the city and regional traffic in the future.

The Study will also assess the locations, configuration, and specifications of the intersections in the study area, including potential roundabouts. The investigation is to enhance intersection performance for traffic safety, active transportation, and examine road and area drainage, property acquisitions, and environmental impact and mitigation for project implementation.

Public Involvement

The City invites the public, agencies, stakeholders, businesses, residents and First Nations to participate in this planning process and learn more about this study through by attending a Public Information Centre (PIC). This PIC will be the first of two PICs for this study. The objective of this PIC will be to present the planning process, summary of existing site conditions, proposed alternative solutions, identify the preferred solution(s) and provide an opportunity for attendees to share comments and concerns pertaining to the study. Members of the project team will be available at the PIC to answer questions and discuss the study.

The PIC is scheduled to take place on:

Date and Time: Wednesday February 21st, 2024 from 5:00-7:00 pm

Presentation to commence at 5:15 pm with open question-and-answer period to follow.

**Location: Walter Gretzky Municipal Golf Course and Learning Centre,
320 Balmoral Drive, Brantford, ON N3R 7S2**

We want to hear from you!

Input and comments received during the PIC period and throughout the study will be taken into consideration when selecting the preferred alternative solution/design concepts. If you have any comments or would like additional information regarding the project works, please visit the project website Brantford.ca/WGPExtension or contact one of the following Project Team Members. Please feel free to forward any questions or comments prior to the PIC.
