

Redevelopment of the South Side of Colborne Street

Design Workshop
Tuesday March 1, 2011
95 Darling Street
St Andrew's United Church (Lower Hall) – Wheelchair Accessible

We want to hear your ideas for the future of Colborne Street. This is a follow-up to a previous workshop held in February 2010. This is an opportunity for the public to influence the redevelopment of the south side of Colborne Street.

Interested members of the public can attend this design workshop and offer input to shape the future direction of Colborne Street. Workshops will be in a round-table discussion format and facilitated by professional urban designers. Participants will review and discuss site characteristics like appropriate land uses, transportation issues, streetscape character, building guidelines and new ideas and proposals. This city-sponsored workshop precedes the upcoming Laurier & YMCA Family Athletics and Recreation Complex Open House scheduled for March 7, 2011 from noon to 4 pm at the Carnegie Building (watch for upcoming notice).
