PUBLIC HALL BUSINESS LICENCE APPLICATION MUNICIPAL CODE CHAPTER 326 A-10

Business Licensing Municipal Code Chapter 326

Public Hall

A building, structure, or portion thereof (including portable building or tent) with a seating capacity for over 100 persons that is offered for use or used for a place of public assembly. This does not include a Theatre or a building solely used for religious purposes. Such halls may include facilities for the on-site preparation and consumption of foods and beverages. Public Halls are not exempt from the City of Brantford noise Bylaw. The licensee must show proof of holding valid Public Liability and Property Damage insurance in the amount of not less than three million as well as an Ontario Hydro clearance certificate renewed every three years. The location of the Public Hall must be operated within the provisions of the City's Zoning Bylaw 160-90. Applications are circulated to the respective department(s) as per the associated Bylaw for comment and/or inspection.

On November 18, 2013, City Council passed a revised Business Licensing bylaw. As a result of this bylaw, the annual expiration date has been changed from December 31st to March 31st.

A few key highlights of the changes in Business Licensing bylaws and the **Public Hall** schedule are as follows:

- Change in annual expiration date to March 31st annually
- The establishment of a late fee for failing to renew your Business licence prior to the expiration effective April 1st annually
- Creation of standard application requirements including the addition of the following:
- Every application for a licence shall contain all of the following information:
 - the name of the applicant, along with a copy of the applicant's identification;
 - if a corporation, a copy of the constating documents of the corporation and a copy of the master business licence of the corporation;
 - proof of insurance required pursuant to this Schedule, to the satisfaction of the Issuer of Licences.
 - A certificate, required at the time of application and every three years thereafter, signed by a local inspector of the Electrical Safety Authority, certifying that the electrical wiring has been inspected and found satisfactory to the inspector;
- The licensee shall be responsible for obtaining and maintaining an insurance policy for public liability and property damage

or tenant's legal liability (if applicable) in an amount of not less than \$3,000,000 per occurrence, which policy shall be endorsed to the effect that the Issuer of Licences shall be given at least ten days' notice in writing of any cancellation, expiration or variation.

In addition to the above changes, the following provisions may be applicable to your operations:

Notwithstanding any provision to the contrary, where a property located at one municipal address contains more than one public hall, the applicant shall apply for and obtain a licence for each public hall located at said address, but shall only be required to pay one licence fee for all licenses issued for the operation of public halls at that address.
