TO THE

OFFICIAL PLAN

FOR THE

CITY OF BRANTFORD

PART 1 – THE PREAMBLE TO THE AMENDMENT

Part 1 constitutes an introduction to the Amendment found in Part 2 of Schedule “A” to this By-law. It describes in general terms the purpose of the Amendment, the location of the lands affected, and the basis upon which the Amendment is formulated.

PURPOSE OF THE AMENDMENT:

The purpose of this amendment it is to re-designate the lands from “Residential Area – Low Density”, and “Major Open Space” to “Residential Area – Low Density”, “Residential Area – Medium Density”, and “Major Open Space”, to correspond with a proposed residential subdivision. The amendment also establishes a Modified Policy Area on one of the blocks on the west side of the property, to permit semi-detached dwelling units in addition to the permitted uses.

LOCATION:

The lands subject to this Amendment are located on the south side of Colborne Street West, just east of the intersection of Pleasant Ridge Road/Forced Road, and are municipally known as 620 Colborne Street West. The 21.9 hectare (54.1 ac.) property has approximately 317.1 m (1,040 ft.) of frontage along Colborne Street West and is currently vacant. The property is divided into two development blocks which are bisected by a Provincially Significant Wetland and Woodlot, dividing the subject lands into western and eastern development blocks.. The east side of the property is approximately 4.18 hectares in size, while the west side is approximately 4.52 hectares in size.

BASIS OF THE AMENDMENT

The lands are presently designated as “Residential Area – Low Density” and “Major Open Space” in the Official Plan. This Amendment re-designates the lands to “Residential Area – Low Density”, “Residential Area – Medium Density” and “Major Open Space”. The “Residential Area – Medium Density” designation will permit a mix of semi-detached residential units, street townhouses, dual frontage

townhouses, and back-to-back townhouses fronting on to a private condominium road. The “Major Open Space” designation is being amended to reflect the updated wetlands and woodlands boundaries as determined in an Environmental Impact Study prepared by Beacon Environmental, dated October 2018, and in consultation with the Grand River Conservation Authority.

This Amendment also establishes “Modified Policy Area No. 131” to permit semi-detached residential dwellings in addition to the uses permitted in the “Residential Area – Medium Density” designation.

PART 2 – THE AMENDMENT

All of this part of Schedule “A” entitled “Part 2 – The Amendment” consisting of the following text and attached Schedule “B”, constitutes Amendment No. 213 to the Official Plan of the City of Brantford.

EXPLANATORY NOTE

TO

BY-LAW NO. ____-2020

This By-law applies to a 21.9 hectare (54.1 ac.) parcel of land located on the south side of Colborne Street West, just east of the intersection of Pleasant Ridge Road/Forced Road (municipally known as 620 Colborne Street West).

The purpose of this By-law is to change the zoning on the lands from “Holding - Residential Type 1B (H-R1B)” to “Holding – Residential - Medium Density Type A – Exception 71 Zone (H-R4A-71)”, “Holding – Residential - Medium Density Type A Exception 72 Zone (H-R4A-72)”, “Holding – Residential - Medium Density Type A – Exception 73 Zone (H-R4A-73)”, “Holding – Residential - Medium Density Type A – Exception 74 Zone (H-R4A-74)”, “Holding - Residential Estate Zone (H-RE)”, and “Restricted Open Space Zone (OS3)”, to facilitate a plan of subdivision to create 3 residential blocks consisting of a maximum of 267 dwelling units, 1 open space block, and blocks for road widening and a water booster station. The lands would later be developed via a Draft Plan of Condominium to create the individual dwelling units.

Site specific requirements are proposed to permit a total of 267 dwelling units. Special exceptions have been applied to the subject lands to define and permit back-to-back townhouses, dual frontage townhouses, and for site specific provisions related to lot area, lot width, lot coverage, building height, amenity area, landscape open space, planting strip, privacy fence, encroachments, parking requirements and yard setbacks.

The lands are also subject to Site Plan Control, which ensures that staff and the Ward Councillors have an opportunity to review built form, grading, drainage, servicing, parking, buffering, landscaping, lighting etc. prior to any development of the lands.

The “Holding (H)” provision will not be removed until the applicant has provided a signed Subdivision Agreement and Site Plan Agreement to the City, along with all necessary securities, and has addressed all servicing issues, financial and otherwise, to the satisfaction of the City of Brantford.
