

What is a snow windrow?

A snow windrow is the pile of snow that is left at the bottom of a driveway after the snow plow has cleared the road. The City's windrow clearing program helps seniors 65+ and people with disabilities or medical conditions that are unable to clear the windrow on their own.

What does the snow windrow removal service include?

The removal of the windrow will take place following road plowing activities performed by the City and only to remove resultant windrows that are greater than 10cm (4 inches) in height. The City reserves the right to decide when the Snow Windrow Removal Service will take place.

Windrow clearing starts after the City has plowed the road. All efforts will be made to clear windrows within 24 hours following the plowing of the road. Contractors will be dispatched to clear windrows (one car width only) after the route has been cleared by the plow.

Who is eligible for the program?

- Residents 65 years of age or older (proof of age is required) and/or a person with a disability or medical condition (a doctor's note is required)
- Resident of the City of Brantford (proof of address is required)
- No person under the age of 65 and/or who is capable of snow removal is living at your residence

When and how can I register?

Registration is open from October 1st to December 1st each calendar year.
