

CIVIC MEETINGS

TUESDAY, FEBRUARY 4, 2020

- Special City Council commencing at 4:00 p.m. in the Charlie Ward Room, 100 Wellington Square, Brantford, ON
- Committee of the Whole – Operations and Administration commencing at 6:00 p.m. in the Council Chambers, 100 Wellington Square, Brantford, ON

Staying in touch with Council's Activities:

The agendas for Regular Council, Committee of the Whole and Standing Committee meetings are available on the City's Website at www.brantford.ca and at the Brantford Public Library Main Branch Reference Desk. Should a Special Meeting be called for any reason, meeting agendas will be made available on the City's Website.

PUBLIC MEETING

Notice of Public Information Centre St. James St. and Albion St. Road, Sewer and Watermain Reconstruction

As part of the ongoing efforts by the City of Brantford to maintain and improve municipal infrastructure, St. James Street (Brant Avenue to Pearl Street) and Albion Street (Bedford Street to Henrietta Street) have been approved for reconstruction in 2020. The project will include the following improvements:

- Replacement of the existing watermain, including servicing to property line
- Replacement of the existing sanitary sewer, including servicing to property line
- Replacement of the existing storm sewer
- Replacement of the asphalt roadway, driveway approaches, curbs, boulevards and sidewalks
- Surface drainage upgrades

Traffic and parking by-laws will also be reviewed as part of the project. Changes to speed limit, lane configurations, on-street parking, and/or line paintings will be proposed on certain streets.

In advance of construction, the public is invited to attend a Public Information Centre (PIC) for an opportunity to review the construction plans. The PIC has been arranged for:

**Wednesday, February 5, 2020
4:30 p.m. to 6:30 p.m.**

Polish Hall (154 Pearl Street, Brantford)

If you have any questions or comments regarding this Public Information Centre, please contact James Clarke, C.E.T., Design Technologist at 519-759-4150.

PUBLIC MEETING

CITY OF BRANTFORD MASTER SERVICING PLAN TRANSPORTATION MASTER PLAN ENVISIONING OUR CITY: 2041

Notice of Public Information Centre Water, Wastewater, and Stormwater Master Servicing Plan and Transportation Master Plan Updates

The City of Brantford is undertaking three studies to guide the City's future development through to 2041. The City's Official Plan, Master Servicing Plan, and Transportation Master Plan are being updated, and account for the Boundary Expansion Lands that were transferred from Brant County to the City on January 1, 2017.

Master Servicing Plan Update (MSP)

The objective of the MSP study is to develop a comprehensive plan that will incorporate all facets of the management, expansion, and funding of the water, wastewater, and stormwater systems for the entire city, including servicing of the Boundary Expansion Lands, to the year 2041 and beyond.

Transportation Master Plan Update (TMP)

The TMP study will provide a balanced strategy for the servicing and operation of important transportation infrastructure within the entire City, including the Boundary Expansion Lands, for the next 25 years. The goal of this TMP is to ensure that the transportation system can accommodate growth and meet the needs of pedestrians, cyclists, transit users, goods movement, and automobiles.

The Master Servicing Plan and Transportation Master Plan Updates are being completed as separate Class EA studies in accordance with the requirements of the Municipal Engineers Association (MEA) Class Environmental Assessment (EA) process for master planning (MEA, June 2000, as amended in 2007 and 2011). The studies are being undertaken based on Phases 1 and 2 of the Class EA processes for Master Plans.

We Want to Hear From You

What should the City of Brantford look like in 2041? The decisions we make as a community today will shape our City's future tomorrow. At our last Public Information Centre (PIC) in October 2019, we presented how much growth we target to accommodate through intensification and development of remaining vacant land in the existing Settlement Area. At our next PIC, we will present the opportunities and constraints associated with meeting this growth using existing transportation and servicing infrastructure. Where transportation and servicing constraints are identified, we will identify infrastructure/strategy improvement opportunities to meet these challenges in the future and answer any questions you may have.

Join us on

**Monday, February 10, 2020
6:30 p.m. to 8:00 p.m.**

Brantford and District Civic Centre Auditorium,
69 Market St. S., Brantford

A series of PICs will be held to provide information about the studies, gather input and receive feedback from the public. If you wish to submit comments or would like to be added to the project mailing list, please contact:
