NOTICE OF VIRTUAL PUBLIC INFORMATION CENTRE #2

Downtown Streetscaping Class Environmental Assessment

The Study

The City of Brantford has initiated a Class Environmental Assessment (EA) for streetscaping the Downtown to improve walkability, accessibility, and underground infrastructure to allow for development, enhance the infrastructure for all transportation modes, and increase pedestrian capacity. The goal of the streetscaping improvements is to create a Downtown that is attractive, vibrant and safe for users and provides the infrastructure needed to accommodate expected growth.

The Process

The EA is being undertaken in accordance with the planning and design process for Schedule "C" projects as outlined in the Municipal Class Environmental Assessment document (October 2000, as amended in 2007, 2011 and 2015), which is approved under the Ontario Environmental Assessment Act. This study will define the problem, identify and evaluate alternative solutions to the problem, evaluate alternative design concepts for the solution, and recommend a preferred design concept after assessing potential environmental impacts and identifying mitigation measures associated with the preferred design.

Virtual Public Information Centre

Due to the COVID-19 pandemic, the City is hosting the Public Information Centre (PIC) virtually. The virtual PIC will present alternative solutions that will be evaluated based on the technical studies that have been completed to date. A live question and answer period will follow the presentation, and we welcome interested parties to register.

All content and instructions on how to submit questions or comments and how to register to attend the virtual PIC will be available at LetsTalkBrantford.ca/Downtown.

PIC SCHEDULE

May 6, 2021 at 3:00 PM	PIC boards posted on project webpage
May 13, 2021 at 6:00 PM	Virtual Live PIC. First question and comment period will be open for two weeks
May 27, 2021 at 4:30 PM	Question / comment period closes
