

Notice of Comments Received Following Completion of the Public Review Period

The City of Brantford filed the 2020 Master Servicing Plan Update for the 45-day review period from November 19, 2020 to January 4, 2021. All comments received were tracked in the following summary table and responses were issued where required. A copy of all comments and responses are attached in **Volume VI – Public and Agency Consultation**. Revisions to the 2020 Master Servicing Plan Update include the following:

Volume I – Executive Summary:

- Revised text in Section 5.2.7 regarding need for autoflushers

Volume II – Plan & Policy:

- Revised text regarding the Grand River Conservation Authority regulation reference in Section 6.2

Volume III – Water Master Plan

- Revised values in Table 19 in Section 5.2.2
- Revised values in Table 20/21 in Section 5.2.3
- Revised text in Table 38 in Section 8.4 with clarifying text regarding the potential trigger for an environmental assessment in Alternative 3
- Additional text in Section 6.3.1.3 and Section 9.2.4 regarding need for autoflushers
- Revised figure names in Appendix C
- Revised alternative colour coding in Appendix E, Table 2

Volume IV – Wastewater Master Plan

- Revised values in Table 9 in Section 3.3
- Revised values in Table 19 in Section 5.2.2
- Revised text in Table 24 in Section 7.5 regarding the septic areas in Concept 1
- Revised alternative colour coding in Table 26 in Section 8.2 and Table 30 in Section 8.6
- Revised text in Table 29 in Section 8.5 regarding the septic areas
- Revised values in Table 39 in Section 8.8
- Revised text in Section 9.4.1 to provide clarification for implementation next steps
- Revised figure names in Appendix C
- Revised text order and alternative numbers in Appendix E, Table 2 and Table 4

Volume V – Stormwater Master Plan

- Additional text included in Sections 6.1.1 to 6.1.10 regarding slope erosion prevention
- Revised text in Sections 6.1.1 to 6.1.14 to provide clarification for low impact development strategies
- Revised text in Sections 6.1.1 to 6.1.14 to provide clarification for hydrogeological investigation for groundwater recharge needs
- Additional text in Section 9.3.1 regarding next steps in the Subwatershed Study

Volume VI – Public and Agency Consultation

- Adjusted wording in Section 2.7 regarding contacting Indigenous Communities
- Added record of comments and responses from the 45-day review period
