

# CITY OF BRANTFORD MASTER SERVICING PLAN TRANSPORTATION MASTER PLAN ENVISIONING OUR CITY:2041

## Notice of Public Information Centre

### Water, Wastewater, and Stormwater Master Servicing Plan and Transportation Master Plan Updates

The City of Brantford is undertaking three studies to guide the City's future development through to 2041. The City's Official Plan, Master Servicing Plan, and Transportation Master Plan are being updated, and account for the Boundary Expansion Lands that were transferred from Brant County to the City on January 1, 2017.

#### Master Servicing Plan Update (MSP)

The objective of the MSP study is to develop a comprehensive plan that will incorporate all facets of the management, expansion, and funding of the water, wastewater, and stormwater systems for the entire city, including servicing of the Boundary Expansion Lands, to the year 2041 and beyond.

#### Transportation Master Plan Update (TMP)

The TMP study will provide a balanced strategy for the servicing and operation of important transportation infrastructure within the entire City, including the Boundary Expansion Lands, to the year 2041. The goal of this TMP is to ensure that the transportation system can accommodate growth and meet the needs of pedestrians, cyclists, transit users, goods movement, and automobiles.

The Master Servicing Plan and Transportation Master Plan Updates are being completed as separate Class EA studies in accordance with the requirements of the Municipal Engineers Association (MEA) Class Environmental Assessment (EA) process for master planning (MEA, June 2000, as amended in 2007, 2011 and 2015). The studies are being undertaken based on Phases 1 and 2 of the Class EA processes for Master Plans.

#### We Want to Hear from You!

What should the City of Brantford look like in 2041? The decisions we make as a community today will shape our City's future tomorrow. At our last Public Information Centre (PIC) in February 2020, we presented the opportunities and constraints associated with meeting the growth targeted in the City's Official Plan using existing transportation and servicing infrastructure. Where transportation and servicing constraints were identified, infrastructure/strategy improvement opportunities to meet these challenges in the future were presented.

At our next PIC, we will present the preferred strategy for a multi-modal transportation plan for the TMP and for a city wide master servicing plan for the MSP.

In response to the COVID-19 situation, this PIC will be held as a virtual PIC. All content and instructions on how to submit questions will be posted on the project webpages:

[www.brantford.ca/MasterServicingPlan](http://www.brantford.ca/MasterServicingPlan)  
[www.brantford.ca/TransportationMasterPlan](http://www.brantford.ca/TransportationMasterPlan)

PIC Boards and a video walkthrough of their content will be posted on **Tuesday, June 9, 2020 at 3:00 p.m.** This will be followed by a two week question submission period closing June 23, 2020. A question and answers video will be posted on **Tuesday, June 30, 2020 at 3:00 p.m.** This will be followed by a three week question submission period, closing July 21, 2020. A Frequently Asked Questions (FAQ) document will be posted on **Tuesday, July 28, 2020 at 3:00 p.m.**
