

2021 CALENDAR

Welcome to your 2021 Calendar

It is our pleasure to share the City's annual calendar with our community. From curbside pick-up of recycling and waste to the sidewalks and roads that keep us moving, the City of Brantford provides a wide range of services and facilities that make Brantford a city of choice.

Whether you are looking for garbage, recycling and new yard waste schedules, or information about summer watering restrictions or household hazardous waste event days (just to name a few), this calendar will help you stay informed about the various services the City has to offer. Many services can be conveniently requested and addressed from the comfort of your home by visiting brantford.ca/RequestService.

Should you have any questions, or need more information about any of the City's programs and services, we encourage you to contact our Customer Contact Centre at CustomerContact@brantford.ca or **519-759-4150** where our Customer Service Representatives will be pleased to answer your enquiry or direct you to the appropriate staff.

From the City of Brantford family to yours, wishing you a healthy, happy and prosperous 2021!

Yard Waste

NEW! Brantford's Yard Waste program has changed. From April 5, 2021, to October 1, 2021, spring and summer yard waste will be collected every other week (bi-weekly). Fall yard waste will still be collected every week from October 4, 2021, to November 26, 2021.

Your yard waste will still be collected on your regular scheduled collection day, just on alternating weeks between Area A and Area B during the spring and summer.

Please refer to the Yard Waste Area Map to determine your collection area.

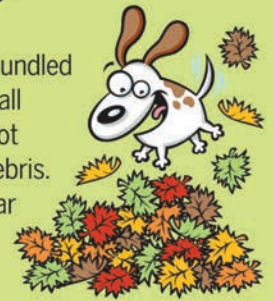

Like personalized collection reminders?
Download the Recycle Coach app and never miss a collection day!

Yard Waste Reminder:

Yard waste includes leaves, grass clippings, weeds, plants and bundled brush (no longer than 1.2m (4 ft) x 0.9m (3 ft) in diameter with all branches less than 0.1m (4 in) in diameter). Yard waste does not include oversized brush, soil, dirt, rocks or other landscaping debris.

Yard waste should be placed in a separate container from regular garbage. Containers should be either kraft brown paper leaf and yard waste bags or open rigid-walled containers (no lids). Yard waste placed in plastic bags will not be accepted.

Waterwise Landscapes

To reduce summer water use, the City encourages residents to embrace waterwise landscaping.

This type of landscaping maximizes water absorption to help gardens withstand both wet and dry weather conditions. The use of specific plants, watering techniques and permeable hardscapes can be used to create a

variety of beautiful landscapes that require less water, less money and less maintenance than traditional lawns once established.

Waterwise gardens can survive almost entirely on rainwater using these planting techniques:

- Increase the ratio of plants to grass
- Use plants that are native, perennial, or drought-tolerant
- Use rain barrels where possible
- Use mulch (includes living mulch) to retain water and control weeds

Brantford City Hall

Winter Operations Program

The City of Brantford's Winter Operations Program keeps roads and sidewalks safe and passable for pedestrians, cyclists and motorists. Even before the snow falls, our crews are hard at work to prepare and work continuously throughout and after a storm event. The City currently maintains approximately 1,000 lane kilometres of roadway. The City of Brantford plows and salts roads and bicycle lanes in priority sequence according to their Provincial Road Classification. Visit brantford.ca/Plowing for more information.

Reminder to Residents

The public is encouraged to park in driveways, garages or laneways during winter weather. On-street parking significantly impairs snowplowing efforts as crews have to weave equipment in and around parked cars. This can result in windrows (snow) left around cars after a roadway has been cleared.

Keep Our Sewer System Fat, Oil & Grease Free – Household Tips:

Where does the grease come from?

Grease is a common by-product of cooking and is found in items such as:

- Butter and margarine
- Cooking oil
- Dairy products
- Food scraps
- Lard and shortening
- Meat fats
- Sauces

What are the results of a sewer blockage from your home?

A sewer blockage caused by grease accumulation in your home's sewer pipes may result in:

- Raw sewage overflowing into your home or neighbouring homes
- Raw sewage overflowing into yards, streets, parks, and bodies of water
- Potential exposure to disease-causing organisms
- A penalty or fine under the City of Brantford's Sewer Use By-law
- An expensive and unpleasant cleanup that often must be paid for by the homeowner

What you can do to help

The easiest way to prevent household and environmental damage caused by sewer overflows and backups, is to make sure our sewer system is fat, oil, and grease free.

What you should do

- Scrape solidified grease and food scraps from plates, utensils, pots, pans and cooking areas, place the grease into a garbage bag
- Use a paper towel to wipe up grease and dispose of the paper towel in a garbage bag
- Used cooking oil should be bulked up using sawdust, or another similar absorbent material and placed in a garbage bag for disposal on your regular collection day
- Be careful when using a commercial cleaner or detergent which claims to dissolve grease, as they may only transport the problem further down the sewer system

What you shouldn't do

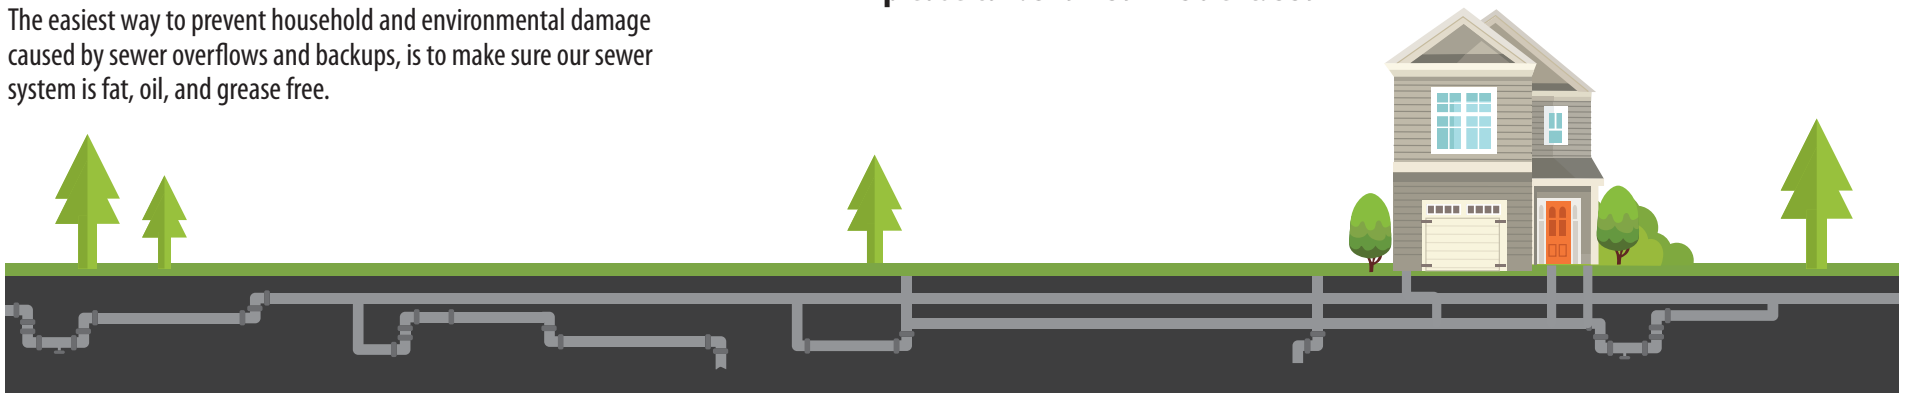

- Never pour grease down the sink drains or toilets

Not everything that goes into Brantford's sanitary sewer system will make its way to the Wastewater Treatment Plant.

Fats, oils and greases poured down the drain or flushed down the toilet can stick to your home's sewer pipe.

Over time, grease can build up and eventually block an entire pipe, surging up through sinks, floor drains and toilets. This can cause sewage backups and overflows that can cause health hazards, damage home interiors and threaten the environment.

Be Part of Shaping Your Community's Future

The City of Brantford has over 16 Advisory Committees and Boards, ranging in scope from economic development to arts and culture and environment. Every year, some of the citizen appointments to these committees and boards become vacant. If you are a team player who is interested in meeting new people, taking on a new challenge and committed to making our city a better place to live, work and play you may be a good fit for one of these volunteer opportunities.

HOW TO APPLY

Application forms and information about current vacancies is available at brantford.ca/CommitteeApplication.

If you have any questions about applying to sit on one of our Committees or Boards, please contact 519-759-4150, or send an email with your questions to Appointments@brantford.ca.

519-759-4150 now connects you to the City of Brantford Customer Contact Centre. Our Customer Service Representatives are happy to answer your enquiries and/or direct you to the appropriate staff.
